

# Chancellor Collection

The epitome of a modern library. Bold, yet holding to tradition. A combination of lovely ash and oak woods in a complete line including:

- ▶ reading tables
- ▶ information access carrels
- ▶ shelving
- ▶ study carrels

Chancellor Circulation Desks feature reconfigurable stand-alone modules and uninterrupted work surfaces. Extensive electrical and data accessories provide safe, convenient power and data access.

Chancellor Information Access Workstation with crafted face veneer and Parallax chair. Brodart provides a state-of-the-art offering of electrical and data accessories to meet the needs of the automated library.

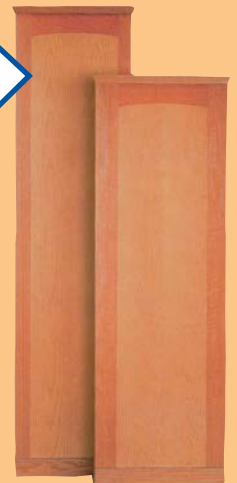

Corner-Mounted Power/Communications Center features three electrical outlets above work surface and one below work surface. Optional data module houses up to three data

jacks with two category 5, RJ45 data jacks as standard. Data module will accept fiber-optic and coaxial jacks as future needs require.

Chancellor style end panels allow you to use economical steel shelving, yet retain the same visual beauty of the series.

Chancellor Collection Upholstered Lounge chair and square end table feature sumptuous cushions with Crypton fabrics — long lasting for long-term use.

Chancellor Apronless rectangular reading table with Chamfered Leg.

Parallax wood chair.

Chancellor Apron style rectangular reading table with Chamfered Leg.

Chancellor Apron-Style round reading table with Chamfered Leg.

Did you ever think ash & oak would look so good together?

Chancellor Full Panel Style rectangular reading table with crafted face veneers.
