

## Trash, Recycling & Condiment Centers

Seminole High School in Sanford, Florida places their trash receptacles near the exit door (shown with optional lettering on the flipper door)

All Trash units and Recycling units are provided with removable 20 gallon rigid waste container.

- Standard top is plastic laminate with built-in tray return area.
- Optional genuine Corian™ tops available in over 20 colors.
- Special lettering on the flipper doors (Thank You, Recycling, etc.) available.

▲ **CC-53** Condiment center with recycling/trash module and locking storage unit. Also available with optional genuine Corian™ top surface.

▲ **Model U-4** Double Trash/Recycling unit. Supplied with two removable 25 gallon rigid waste container

3 ways to make trash collecting EXCITING!

1. Inside the dining room use enclosed trash receptacles— just like the fast food restaurants— with swing open flipper doors that say “Thank You.” This hides unappetizing trash and encourages students to place refuse in the receptacles.
2. Encourage the “Green Revolution” concept with recycling centers that allow students to be helpful in recycling materials.
3. In outside dining areas, put school logos on the aggregate stone trash receptacles to personalize the units

▲ Condiment display center with locking storage door — 5' 3" wide top surface for all your condiment needs.

▲ **Model U-2** Single trash receptacle with 20 gallon removable rigid waste container

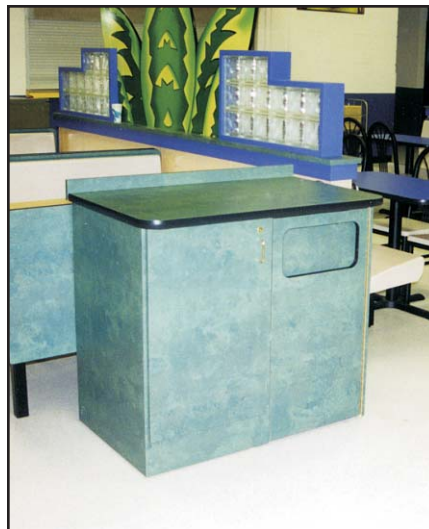

## Trash, Recycling & Condiment Centers

▲ Compton High School trash units are accessible from any area in the dining room.

▲ Dominguez High School in Compton, CA with optional school logo on the front.

▲ South Intermediate School in Broken Arrow, OK has green color, to match the booths, on their condiment centers.

▲ Miami Edison H.S. in Miami, FL, with a contrasting color on the tray return area and optional message on the flipper doors.

▲ The 5 foot 3 inch wide condiment center at Miami Edison High School with locking storage in the middle.

▲ Pacific High School in San Bernardino, California with pirate purple finish.
