## Buena Park High School - Fullerton JUHSD California

### Seating Capacity:

Before Installation - 132 Students    After Installation - 292 Students

### School Enrollment:

1,958 Students

Buena Park High School is part of the Fullerton JUHSD and one of 6 schools we've been asked to remodel.

This room was unsightly with only 11 folding tables with benches and rarely visited by students. A council representing 9th - 12th grades was chosen and their ideas drove the design to what you see in these pictures.

Today, this room seats over 292 and has a "standing room only" lunch crowd. The students clean up after the meals more than before because it's considered "their" room and the "cool" place to go.

Interesting seating comprised of booths, bar height tables and a bar height eating counter plus standard chairs and tables give this room an interesting "topography" that is anything but dull!!

We are proud that Fullerton JUHSD has chosen us to remodel all their school cafeterias.
