Hoopa Valley High School - Klamath-Trinity USD California

Seating Capacity:

Before Installation - 156 Students After Installation - 228 Students

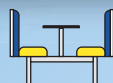

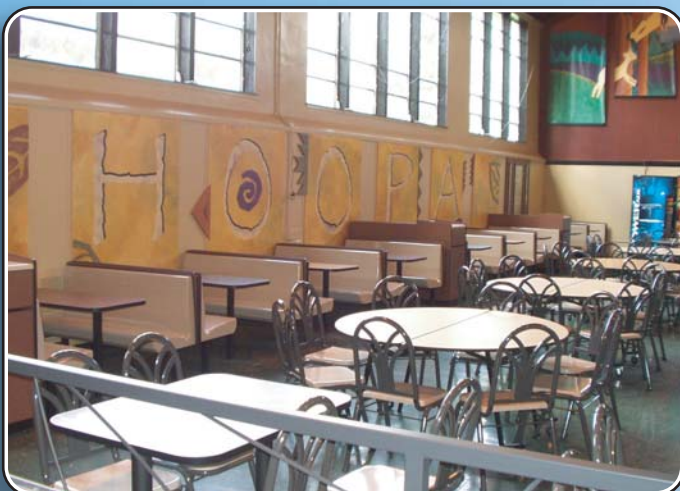

School Enrollment:

219 Students

Hoopa High School is in the Klamath-Trinity JUSD in northern California. A wide cross section (9th - 12th) of the student body was involved in the planning. The students wanted the design to reflect not only their Indian heritage with earth tone colors but also modern school themes in the artwork.

Indian sayings from the Hoopa tribe were used in the banners hanging from the large, vaulted ceiling. Painted canvas depicting local flora and fauna was hung at each end of the room with dramatic effect.

The new seating arrangement (an increase of 72 seats) meant covering up the old pull out/wall mounted tables and using booths along the wall to help increase seating capacity. The chairs for the tables do double duty because they're also used for seating during performances and awards ceremonies on the stage.... keeping the original intent of the multipurpose room.

A home is not
a mere transient
shelter;
it's essence lies in
the personalities
of the people who
live in it.
-H.L. Menck-

I've seen that
it is not enough
for a man to
depend simply
on himself.

All things share
the same breath
the beast, the tree,
the man, the air
shares it's spirit
with all the life
it supports.
